

Airport Managers Notice

The Commemorative Air Force's Airsho will take place at the Midland International Air & Space Port from September 15th- September 17th. Airport surface closures will be in place during this time for the safety of aerobatic performers, tenants, and spectators. Safety is our top priority, and these airfield closures ensure safety before, during, and after airshow events. A Temporary Flight Restriction (TFR) will also be in place during aerobatic demonstrations. The TFR will be applicable from the surface to 17500 AGL, within a five (5) nautical mile radius of MAF. Expected airport closure times are listed below. MAF will be closed to all arriving and departing traffic during the aerodrome closure periods.¹ Please note these times are tentative; the TFR and NOTAMs may be cancelled prior to the times indicated.²

Aerodrome Closures

- Friday September 15th, 2017- 0930L-1230L
- Saturday September 16th, 2017 - 1130L-1730L
- Sunday September 17th, 2017 - 1130L-1730L

Runway and Taxiway Closures

- Taxiway 'A' east of the Taxiway 'A' Run-Up Pad will be closed beginning Tuesday 09/12/17 at 0800L until further notice. Aircraft taxiing to and/or from the West Executive Ramp will be required to proceed west onto Taxiway 'A' and proceed east on Runway 10/28. *During the waiver times listed above the remainder of Taxiway 'A' will be closed.*
- Taxiway 'E' will be closed beginning Tuesday 09/12/17 from 0800L until further notice.
- West 100' feet of Taxiway 'P' will be closed between Taxiway 'H' and Runway 10/28 beginning Thursday 09/14/17 until further notice. Aircraft utilizing Taxiway 'P' should taxi east of the Taxiway centerline.
- The west 3000' feet of Runway 10/28 will be closed except for taxiing operations beginning Friday 09/15/17 @ 0930L until further notice. This closure will be delayed indefinitely if conditions warrant the use of ILS equipment.

¹ The only exceptions are for emergency aircraft, air carrier aircraft, and airshow aircraft.

² All General Aviation and transient/for-hire Airsho traffic should expect a short delay each day following the conclusion of aerobatic activities. Airport Operations will be conducting an Airfield Safety Inspection to ensure the safety of airport users. **Non-air carrier traffic must remain clear of all Runways and Taxiways until otherwise advised.**

Surface availability (outside of airshow hours):

 Closed
