PUBLIC NOTICE

In accordance with U.S. Department of Transportation Federal Aviation Administration 14 CFR Part 158 (Passenger Facility Charges), the City of Midland, Texas, as Owner and operator of Midland International Air & Space Port, has previously imposed a Passenger Facility Charge (PFC) as specified in 14 CFR Part 158, per the Federal Aviation Administration's Record of Decision dated October 16, 1992. Pursuant to Part 158.24, the City of Midland, Texas is providing this Public Notice of the intent to request an Amendment to PFC Application No. 20-09-C-02-MAF and to allow the public to file comments.

In accordance with 14 CFR Part 158 section 158.37, the City of Midland, Texas will be requesting authorization to amend the existing FAA Approved Impose and Use PFC Application No. 20-09-C-02-MAF for the following projects:

Item 9-3 PFC Administrative Support Costs – Amend requested PFC collection amount to include additional administrative support costs for audits and preparation of PFC amendments.

The above project will remain at the approved collection rate (level) of \$4.50.

The original Application Final Agency Decision (FAD) date was July 28, 2020. The Amendment 1 to the Application Final Agency Decision (FAD) date was January 27, 2023. The Amendment 2 to the Application Final Agency Decision (FAD) date was February 1, 2024. The current Charge Expiration Date for Application No. 20-09-C-02-MAF is September 1, 2026. The amended estimated Charge Expiration Date is July 1, 2026.

This amendment will result in a net increase in PFC collection amount for this application of \$50,000. See Attached Project Information for the above listed project for the project's Funding Plan.

See attached for project detail information.

The deadline for receipt of public comments is July 10, 2024.

MIDLAND INTERNATIONAL AIR & SPACE PORT
AMENDMENT 3 PFC APPLICATION NO. 9
PROJECT INFORMATION

PROJECT:

Item 9-3, PFC Administrative Support Costs

PROJECT DESCRIPTION:

Original Application

This project will provide funding for professional fees for consulting services for developing, implementing and coordinating the PFC program at the Airport. This includes services to assist airport staff in the preparation of the new application as well as professional fees for the preparation of annual PFC Audit reports by an independent auditor. Based on the current enplanements and PFC collections, we have accounted for audit reports for 3 years between FY 2024 and FY 2026.

Requested Amendment 3

The scope of this project remains the same. The addition of the preparation of this and future Amendments to this application have been added.

This change is to include the updated costs for the annual PFC Audits and the costs for the preparation of this and future Amendments to this application.

JUSTIFICATION:

Original Application

The PFC Program, upon approval of this PFC Application, allows the airport to implement the projects specified in this application. This project seeks to fund the allowable costs associated with preparing the PFC application and annual financial audits for this PFC application. Due to inadequate staff resources, the airport requires acquiring the services of a qualified professional for preparing the application. Also, the PFC Program requires the airport to acquire the services of an independent auditor to audit this PFC application and the PFC Program annually.

Requested Amendment 3

The justification of this project remains the same. The addition of the preparation of this and future Amendments to this application have been added.

This change is to include the updated costs for the annual PFC Audits and the costs for the preparation of this and future Amendments to this application.

COST/FUNDING PLAN:

	<u>Original</u> <u>Application</u>	<u>Requested</u> <u>Amendment 1</u>	<u>Requested</u> <u>Amendment 3</u>
Total Estimated PFC Amount -	\$75,000	\$125,000	\$175,000
Total Existing AIP Grant Funds -	\$ -0-	\$ -0-	\$ -0-
Total Estimated Project Construction Bid Cost -	\$75,000	\$125,000	\$175,000

PFC is proposed to fund 100% of the project costs.
